After working for several years as a mathematical analyst and computer programmer for missile guidance systems, he abruptly left the field and turned to photography. Bruce has authored several books, some of which have become classics. The Art of Photography was first published in 1994 and remained in print until 2007.

The Art of Photography, 2nd Edition - Rocky Nook

Perhaps the biggest struggle photography has faced historically as a medium is to be taken seriously as an art form. I'd say it's only in the last couple of decades that the results at auction have been able to hold their own against traditional art forms; even if a good chunk of us don't understand why -- myself included.
