### **The Importance of the International Business Environment ...**

Every business enterprise consists of a set of internal factors and is confronted with a set of external factors. The internal factors are generally regarded as controllable, while the external factors are by and large beyond the control of the business. As environmental/external factors are beyond the control of a firm, its success depends to a large extent on the adaptability to the environment. (i.e. its ability to design and adjust the internal controllable variables to take advantage of the ...)
