The Ironies of Affirmative Action is the first book-length, comprehensive, historical account of the development of affirmative action. Analyzing both the resistance from the Right and the support from the Left, Skrentny brings to light the unique moral culture that has shaped the affirmative action debate, allowing for starkly different policies for different citizens.

### **The Ironies of Affirmative Action**

But it is controversy from a different direction that leads Skrentny to describe affirmative action in terms of ironies. In a thorough historical review of programs and legislation designed to promote racial equality, he reveals the intense opposition of civil rights leaders, including Martin Luther King Jr., to affirmative action as controverting their goal of a color-blind society.
