'Economic diplomacy' assumes under itself the diplomatic official actions, concentrated on an increase in the export, the attraction of foreign investments and participation in the work of foreign economic organizations, that is, the actions, focused during the confirmation of the economic interests of the country at the international level.

The New Economic Diplomacy: Decision-Making and ...

The New Economic Diplomacy explains how states conduct their external economic relations in the 21st century: how they make decisions domestically, how they negotiate internationally and how these processes interact. Although the previous edition, published in 2011, was able to reflect the impact of the financial crisis and the immediate reaction to it, a lot has happened since then, and the atmosphere of economic diplomacy has darkened.

Economic diplomacy - UKEssays

Economic diplomacy is traditionally defined as the decision-making, policy-making and advocating of the sending state-business interests. Economic diplomacy requires application of technical expertise that analyze the effects of a country's (receiving state) economic situation on its political climate and on the sending state's economic interests.
