If true human rights progress is to be achieved today, it is time we dig deeper--rethinking the very foundation of our social system. In this engaging, important work, Peter Joseph, founder of the world's largest grassroots social movement--The Zeitgeist Movement--draws from economics, history, philosophy, and modern public-health research to present a bold case for rethinking activism in the ...

Why This Book? - The New Human Rights Movement, by Peter ...

Human rights activism predates the 20th century, and includes, for example, the anti-slavery movement. Historical movements were usually concerned with a limited set of issues, and they were more local than global. One account identifies the 1899 Hague Convention as a starting point for the idea that humans have rights independent of the states that control them.
