The Power of Perception: Thinking Makes it So "...there is nothing either good or bad, but thinking makes it so." – William Shakespeare, Hamlet. This fable of the farmer is confusing at first. It clashes with the common belief that life's events carry intrinsic meaning. Most people think of events in this way.

### The Power of Time Perception by Jean Paul Zogby

The Power of Time Perception is a counter proposal to the idea of time flying by, delving into the nature of how the brain perceives time's passage, how emotions or life experiences alter the experience of time, and how personal reality and time can both be altered through a series of techniques that anyone can master. Many books discuss time management; but few discuss the nature of the time ...
