Research - Wikipedia

The research has highlighted that an assurance system is an integral part of governance and therefore the assurance system needs to be developed alongside the governance system. The research has found that two types of project exist (fixed-target and moving-target) and that the governance and assurance system will be very different for these projects because they are fundamentally different ...

Research in Practice - supporting evidence-informed practice

The Practice of Research presents a practical guide to doing research by excerpting well-known studies by some of the most distinguished social science researchers in the field today.
