Democrats respond to President Trump's letter! The media, the Democrats, and all their many allies on social media are berating and demonizing the President for a scathing letter he sent to Speaker Pelosi on Tuesday. It was written by Stephen Miller, Michael Williamson and Eric Euland last week allegedly but it is in the President's voice.

### **The President is a Sick Man**

In an interview with Salon, Dodes detailed the behavioral signs he believes would lead any competent psychiatrist or psychologist to a diagnosis of malignant narcissism for the President of the United States. Donald Trump is, according to Dodes, a "very sick individual". The best diagnosis for Trump is that he is a malignant narcissist. It ...

So not really much of a sick day. The only other president to bestow the powers of the presidency on their vice president was George W. Bush in 2002 and later in 2007, each time so that he could have a colonoscopy. On each occasion, Vice President Dick Cheney was acting president for a little over 2 hours at which point Bush resumed his duties ...

### **Does the President Get Sick Days?**

An acting president of the United States is an individual who legitimately exercises the powers and duties of the president of the United States even though that person does not hold the office in their own right. There is an established order in which officials of the United States federal government may be called upon to take on presidential responsibilities if the incumbent president ...
