Amazon.com: The Reach of the State: Sketches of the ...

These four conceptual and critical essays on state and society in contemporary China argue vigorously against the grain of prevailing scholarly interpretation. In substantive content, they explore two major themes from different historical and theoretical points of departure. First, the author argues that the party/state under Mao fell far short of the full control over China's peasant society ...

REACH Enforcement. Under REACH (Art 126) the Member States authorities are responsible for the enforcement of the REACH provisions. In other words, each Member State must determine inter alia the penalties that would apply to the infringement of REACH provisions and must take all measures necessary to ensure that they are implemented. The penalties must be "effective, proportionate and dissuasive".
