Project Gutenberg is a wonderful source of free ebooks – particularly for academic work. However, it uses US copyright law, which isn't universal; some books listed as public domain might still be in copyright in other countries. RightsDirect explains the situation in more detail.

### **The Rebirth of the Clinic: An Introduction to Spirituality ...**

Previously, sick people went to hospitals run by monks and nuns, if they were poor; if they were rich, doctors came to see them in their houses. With the rise of the clinic, however, Foucault saw the meaning of medicine change. With its scientific foundations and empirical successes, the clinic became medicine's living laboratory.
