The Spirit Level authors: why society is more unequal than ...
'Might be the most important book of the year.'. Guardian (UK) 'Fascinating and deeply provoking . . . The Spirit Level does contain a powerful political message. It is impossible to read it and not to be impressed by how often greater equality appears to be the answer, whatever happens to be the question.

The Spirit Level: Why Greater Equality Makes Societies ...
Despite sounding like a B-grade supernatural fantasy thriller, The Spirit Level is a non-fiction work that aggregates scientific evidence on societal equality. In a nutshell the point is: More equal societies do better, especially on outcomes that show hierarchical effects.

The Spirit Level Why Equality
The Spirit Level: Why More Equal Societies Almost Always Do Better is a book by Richard G. Wilkinson and Kate Pickett, published in 2009 by Allen Lane. The book is published in the US by Bloomsbury Press (December, 2009) with the new sub-title: Why Greater Equality Makes Societies Stronger.

Read: The Spirit Level: Why Greater Equality Makes ...
The Spirit Level is, for the most part, a straightforward empirical tract documenting this two-way relationship between how unequal a country is and the frequency of “bad” outcomes within that country (such as overeating, teen pregnancy, and drug abuse). The data reveal that the relatively equal Nordic societies and Japan have low rates of the bad stuff and the highly unequal societies, such as the United States and the United Kingdom, have comparatively high rates.

How messy it all is - LRB 22 October 2009
In Part Three, 'A Better Society', the authors outline strategies that could be used to promote greater economic equality. They emphasize that how a society becomes more equal is less important than the fact that it actually does become more equal.The Spirit Level is an interesting and convincing book.

The Spirit Level: Why More Equal Societies Almost Always ...
The Spirit Level Summary. Inequalities erode “social capital”, that is, the cohesion of a society, the degree to which individual citizens are involved in their society, the strength of the social networks within it, and the degree of trust and empathy between citizens.

The Spirit Level: Why Greater Equality Makes Societies ...
The Spirit Level authors: why society is more unequal than ever. The Equality Trust calculates that the richest 100 people in Britain now have as much wealth as the poorest 30% of households. The top-to-bottom pay ratios of around 300:1 in the FTSE 100 companies is not diminishing.

The Spirit Level: Why Greater Equality Makes Societies ...
Yet despite all this, The Spirit Level does contain a powerful political message. It is impossible to read it and not to be impressed by how often greater equality appears to be the answer, whatever happens to be the question. It provides a connection between what otherwise look like disparate social problems.

The Spirit Level (book) - Wikipedia
The Spirit Level is a very analytical approach to the topic of income inequality that is presented in an understandable format. The first couple chapters set the scene in describing the difference between wealth and inequality and how our success in getting things may actually be setting up cultural failure.

Written by Kate Pickett and Richard Wilkinson, the book highlights the "pernicious effects that inequality has on societies: eroding trust, increasing anxiety and illness, (and) encouraging excessive consumption".

The Spirit Level: Why Greater Equality Makes Societies ...
The authors present their arguments very well and, despite their obvious political leanings, in a fair and level headed way. The arguments and ideas are very thought provoking and interesting, but the early chapters eventually get a little tedious, repeating the same flow of "Here is a bad thing, see how it correlates with inequality".
