### **Staff View: The Tao of architecture**

It is rare for a book on architecture and design to adopt the tone, let alone succeed in expressing the wisdom, of a spiritual classic like the *Tao Te Ching* (c. 500 BC). I am tempted to see such a book in *The Timeless Way of Building*, third in a series from Alexander's Center for Environmental Structure at Berkeley.

### **The Tao of the Software Architect - IBM**

As the title suggests, the premise of the book (actually an extended essay) is to discuss the connections between Taoism and architecture. In his treatment of the material, he presupposes that the reader has a familiarity with both architecture and Taoism. Thus, a reader without a background in architecture or Taoism quickly becomes confused.
