A pretty fascinating read about how Stonehenge, Avebury, Giza and Teotihuacan could all be related. As a Christian, I wouldn't recommend this one if you're the type to get all flustered and offended by suggestions that the Bible is a spin-off and God an attempt to explain a humanoid being of higher-than-human intelligence.

### Amazon.com: Customer reviews: Thoth: architect of the universe

Thoth, Architect of the Universe, finds verifiable proof that the great henges and pyramids were complex monuments, built by a technical civilization. The designer has specifically designed these monuments to mimic both the layout of the Earth and its motions in space. The author has been diligent in ensuring that each and every claim that is ...
