### **TomTom GO 5200**

The GO 520 is the first satnav from TomTom to roll out Wi-Fi to the company's mid-range. This is a 5-inch unit offering similar features to the GO 5200. The notable difference is that where the latter has a built-in mobile data connection, the 520 relies on your smartphone for its Live Services.

### **TomTom GO 5200 WI-FI Satellite Navigation System**

I'd say it's more like a Go Premium, bearing in mind the 5200 has a built-in SIM. There are a few additional features on the Premium vs. the 5200, however these are software only (IFTTT integration and trip statistics) - the hardware's identical. Personally I'd stick with the 5200, as in my opinion the extra bells and whistles are of questionable value - certainly when considering the extra cost.
