Ham Radio CAT, PSK31, FT8, JT9 and JT65 Interfaces - Yaesu ...

Some radios like the Icom IC-7300 have USB ports, but others don't, like the cheaper BaoFengs. In those cases, you need an FTDI cable that connects the radio's mic and speaker jacks to the USB port on your computer. There are many reports of errors with cheaper knockoff cables, so try to buy authentic cables from the manufacturer.

ICOM IC-7300 & WSJT-X configuration for FT-8 data mode - M0NWK

The only thing needed is a USB cable (install the driver from Icom before connecting a USB cable) and WSJT-X. "WSJT-X implements communication protocols or "modes" called FT8, JT4, JT9, JT65, QRA64, ISCAT, MSK144, and WSPR, as well as one called Echo for detecting and measuring your own radio signals reflected from the Moon.
