Venture Funding and the NIH SBIR Program - NCBI Bookshelf. This report presents the NRC analysis of the effect of the Small Business Administration's eligibility rules with regard to the majority-owned venture capital participation in the NIH SBIR program. Using data from SBIR awards made from fiscal years 1992 to 2002 and with specific attention to the challenges faced by firms in the biomedical field and employing a combination of surveys and case studies adapted from the Methodology ...

Venture Funding and the NIH SBIR Program - NCBI Bookshelf

If we combine venture investments in medical devices with biotechnology into a category called "life sciences," they would together account for over 30 percent of all venture funding in 2007. Given NIH's focus on life sciences, this data indicates that the SBA ruling on venture capital participation has a major impact on its capacity to use SBIR to advance its mission to develop knowledge about living systems, extend healthy life, and reduce the burdens of illness and disability.
