The relationship between feminism and transgender theory and politics is surprisingly fraught. The goal in this entry is to outline some of the key philosophical issues at the intersections, and this can be accomplished only by attending to the history of feminist and trans politics as it has unfolded in the U.S. "Transgender" as a politics and "trans studies" as a twin of "queer ...

Obligatory pre-mechanism speech: You can't determine the mechanism of a chemical reaction merely through logical deduction from first principles. Sure, you can make guesses - even good ones! But the ultimate test of a mechanistic hypothesis is how well it fits with experiment, and that typically involves a lot of lab work.
