### Woeful Afflictions: Disability and Sentimentality in ...

Woeful Afflictions Book Description: From Tiny Tim to Helen Keller, disabled people in the nineteenth century were portrayed in sentimental terms, as afflicted beings whose sufferings afforded ablebodied people opportunities to practice empathy and compassion.

### Woeful Afflictions: Disability and Sentimentality in ...

Woeful Afflictions combines contemporary scholarship on sentimentalism with the most recent works on the cultural meanings of disability to argue that sentimentalism, with its emphasis on creating emotional identifications between texts and readers, both reinforces existing associations between disability and otherness and works to rewrite those associations in portraying disabled people, in their emotional capacities, as no different from the ablebodied.

### Woeful Afflictions: Disability and Sentimentality in ...

Woeful Afflictions offers a detailed historical analysis of the types of cultural work performed by sentimental representations of disability in general, and blindness in particular, in public reports and lectures, exhibitions, novels, stories, poems, autobiographical writings, and popular media portrayals from the 1830s through the 1890s.

### Woeful Afflictions : Disability and Sentimentality in ...

These factors, the result of more than one hundred and fifty years of sentimental representations of disability have over-determined the relegation of disabled people to the position of perpetual 'poster children', and prevented them from becoming recognized as adults, operating on the same terms, and with the same concerns and rights, as non-disabled adults.

### Non-Fiction Book Review: Woeful Afflictions, by Mary ...

Mary Klages' Woeful Afflictions makes a significant contribution to the growing literature of disability studies by locating representations of disability within a powerful sentimental discourse in Victorian America. This association between disability and sentimentality "persisted into the twentieth century," she argues, and has "served to confine representations of disabled people within narrow parameters" (p.
