In the English language, a split infinitive or cleft infinitive is a grammatical construction in which a word or phrase is placed between the particle to and the infinitive that comprise a to-infinitive. In traditional English grammar, the bare infinitive (e.g. go) is extended by the particle to in order to produce the to-infinitive phrase (sometimes termed a full infinitive), to go.

Using the Outline as a Draft "Outlining might not be very useful if writers are required to produce a rigid plan before actually writing. But when an outline is viewed as a kind of draft, subject to change, evolving as the actual writing takes place, then it can be a powerful tool for writing. Architects often produce multiple sketches of plans, trying out different approaches to a building ...
